**Raleigh Church of Christ  
Disaster Action Plan  
Zone Calling Tree**

Introduction

To help facilitate contacting the membership of the Raleigh Church of Christ regarding a disaster/emergency the following calling tree has been developed. For security purposes telephone numbers have not been included. Please refer to either the congregational directory or the hard copies of the Disaster Action Plan for contact telephone numbers.

The **Zone Captains** for each zone will be alerted by either John Storms or Mac Safley to the need for communication to the congregation. The **Zone Captains** will in turn call the **Branch Contacts**. The **Branch Contacts** will pass along information to the persons on their particular branch and gather information regarding individual members to give to the **Zone Captains**. The **Zone Captains** will pass along the information to John Storms or Mac Safley.
